## Safety | Technology | Innovation

Issue: FebMarApr-24

### CoffeeSafe Guild

In our continuous drive to raise safety and quality standards we have devised and introduced to the industry the "CoffeeSafe Guild", we would like to thank the first members listed below for being part of this new and exciting journey to achieve the highest standard in professionalism.

The Guild is a way for engineers to demonstrate their dedication to their industry. By joining the Guild, engineers are signalling to their customers, peers and employers that they are committed to the highest standards in professionalism.

### Guild Member Commitments

Membership in the CoffeeSafe Guild demonstrates the following commitments :

- Deliver high quality workmanship with a "Think Safety First" approach
- Maintain high standards of personal conduct and customer care
- Continuous Professional Development (CPD) to enhance skills and knowledge
- To share knowledge and raise awareness of Pressure Systems Safety Regulation (PSSR2000) in the coffee industry
- To be an active CoffeeSafe member

If you would like to know more or be assessed for inclusion then please contact us.

## Think **Safety** First

## L.E.A Coffee Machine Safety Discussion and PSSR Awareness Training

CoffeeSafe would like to thank the Environmental Health team at West Northamptonshire Council for taking time out to participate in our presentation and training session on Coffee Machines involvement with the Pressure Systems Safety Regulations (PSSR).

This was a welcome opportunity to discuss the importance of raising Safety Awareness in this area as many Users and Owners of Coffee Machines are not aware of the risk the machines pose as a Pressure System.

Compliance with PSSR is a Legal Requirement and vastly reduces the dangers associated with operating Pressure Systems in a Work and Public environment.

We are continuing to roll these discussion and awareness training sessions out to Councils on request nationwide.

Please don't hesitate to contact us if you would like to know more.

**West  
Northamptonshire  
Council**

## Audits with CoffeeSafe

Audits carried out with CoffeeSafe, ensure coffee machine pressure system examinations are carried out in an objective, thorough and professional manner.

These audits are a great opportunity to share best practice, knowledge and promote high quality safety assessments.
